

InteliHeat® Thermulate® Full Coverage 55-gallon (200 Liter) Heating Jacket (HPNA/D1/OR)

Our InteliHeat® Thermulate® HPD1 Full Coverage 55-gallon Heating Jacket certified for non-hazardous ordinary locations provides increased power to reach higher temperatures in shorter time.

- Good for melting solids
- 32-194° (0-90°C) adjustable thermostat
- Special formulated high-temperature, chemically resistant silicon-coated glass-cloth used on both sides of the jacket to extend product life in demanding applications
- High-grade thermal insulation to reduce heat loss and increase efficiency while providing protection for the operator
- Rugged and reliable
- Suitable for both plastic and steel 55 gallon (200 liter) drums
- Flexible and built to last
- Conforms to drum walls and rings providing optimal thermal coupling
- Fitted with adjustable retaining straps and quick release buckles
- Delivers heat over a large surface area, minimizing the possibilities of damaging the product
- Fit and forget - no regular maintenance required
- Safe to use 24/7
- Ambient temperature: -40°F to +104°F (-40°C to +40°C)
- 1450 Watts at 120 VAC
- 240 VAC versions also available
- 7 ft. (2m) premium oil, water, and abrasion resistant SOOW power cable
- -S Usage marking and area of use for weather resistance
- Double insulated product
- ETL approved to UL and CSA standards
- Waterproof and custom sizes available

North American Certifications and Markings:

Listed, ETL Control Number: 5001878

Conforms to ANSI/UL Std. 499, Cert to CAN/CSA Std.C22.2 No.130-03

List Price = \$1395.00 USD ex works
